

Flux

The fastest fluid routing engine.

THE INDUSTRY BOTTLENECK

Logistics routing is broken.

NP-Hard Complexity

Timeout beyond 250 nodes.

High Latency

Idle waiting fleets.

Costly APIs

Premium pre-computation fees.

THE PARADIGM SHIFT

Fluid Dynamics.

- API-First routing engine.
- Physics-inspired heuristic.
- Infinite instant scaling.

DEEP TECH INNOVATION

The Secret Sauce

Spatial Suction

Automatic high-density attraction.

Surface Tension

Zero self-intersecting paths.

UNMATCHED VELOCITY

Live Stress Benchmark

2.18

Milliseconds

Solving 1,000 nodes in Prague.

DEVELOPER-FIRST DESIGN

Seamless Integration

- Secure API key infrastructure.
- Real-time billing telemetry.
- Two-line Python integration.

SCALABLE REVENUE

SaaS Pricing Model

FREEMIUM

$0

1,000 free monthly calls.

PRO TIER

$10

Per 1,000 subsequent calls.

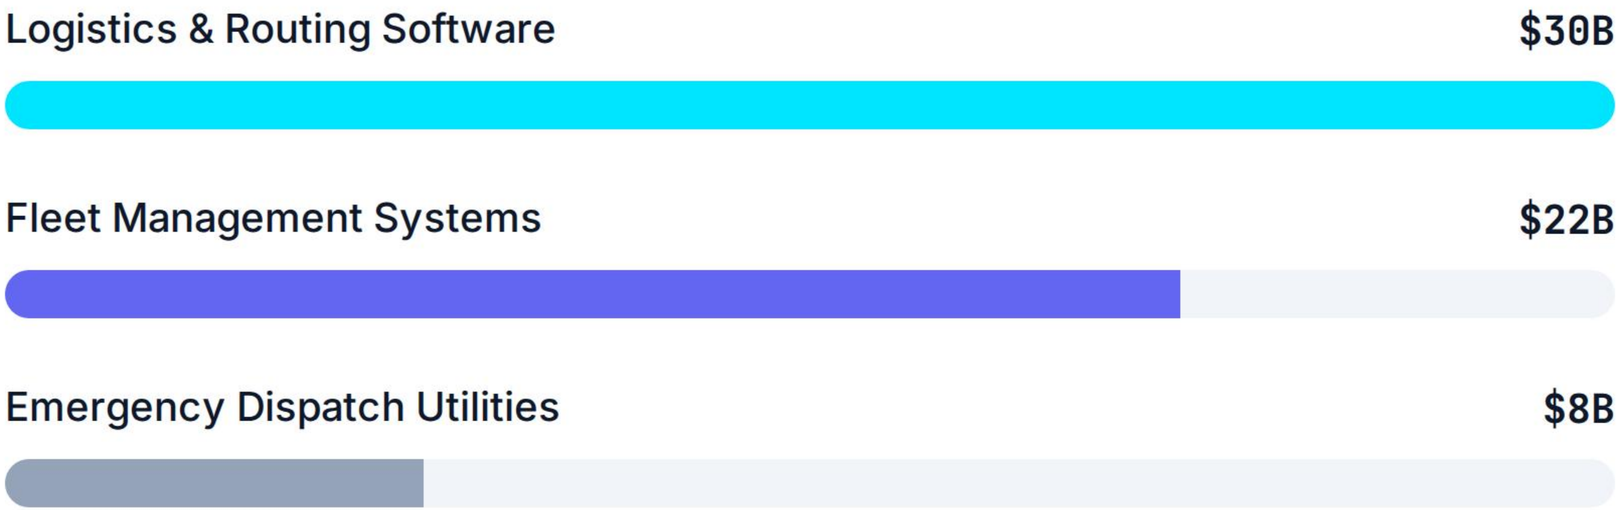

ENTERPRISE

Custom

Secure on-premise deployment.

TOTAL ADDRESSABLE MARKET

Global Logistics Software

UNFAIR ADVANTAGE

Strategic Edge

- 1000x faster execution.
- Zero matrix pre-computation.
- Ready for production.

Seed Round Open

Seeking pilot contracts.

Let's talk.
